

AVTEC SCOUT™

DISPATCH COMMUNICATIONS PLATFORM

WHEN MINUTES MATTER

You need to know that your communications system can handle whatever challenges it will face in today's complex world. At the center of the most demanding communications environments, you'll find an Avtec Scout™ dispatch console— protecting people, assets, and livelihoods. When a call comes in, you can feel confident that you've selected a reliable and efficient communications system.

PROVEN

For more than 45 years, customers have continued to choose Avtec dispatch consoles for their integrity and mission critical reliability.

SCALABLE

Build for now, but be prepared for later—your investment is always safe. Avtec dispatch systems can grow in both capacity and capabilities as your needs dictate.

HIGHLY CONFIGURABLE

With Avtec Scout, you pick your radio, telephony and technology providers. Mix and match Scout models to fit your operational needs, and choose your own equipment.

Avtec Scout Dispatch Console

WHY AVTEC SCOUT

When your dispatchers are called into action, you want the best tools at their fingertips. Avtec Scout consoles can handle a broad range of business and mission-critical communications needs—bringing together your radio, telephony, and broadband/LTE technologies into a best-in-class communications solution.

MISSION CRITICAL RELIABILITY

Whether your dispatchers are dealing with a life-saving emergency or coordinating business critical resources for your enterprise, you can count on Avtec Scout.

- Built-in redundancies for high system availability and stability.
- Exceptional audio quality ensures your communications are heard clearly.
- 24/7/365 US-based support with ScoutCare Plus™.

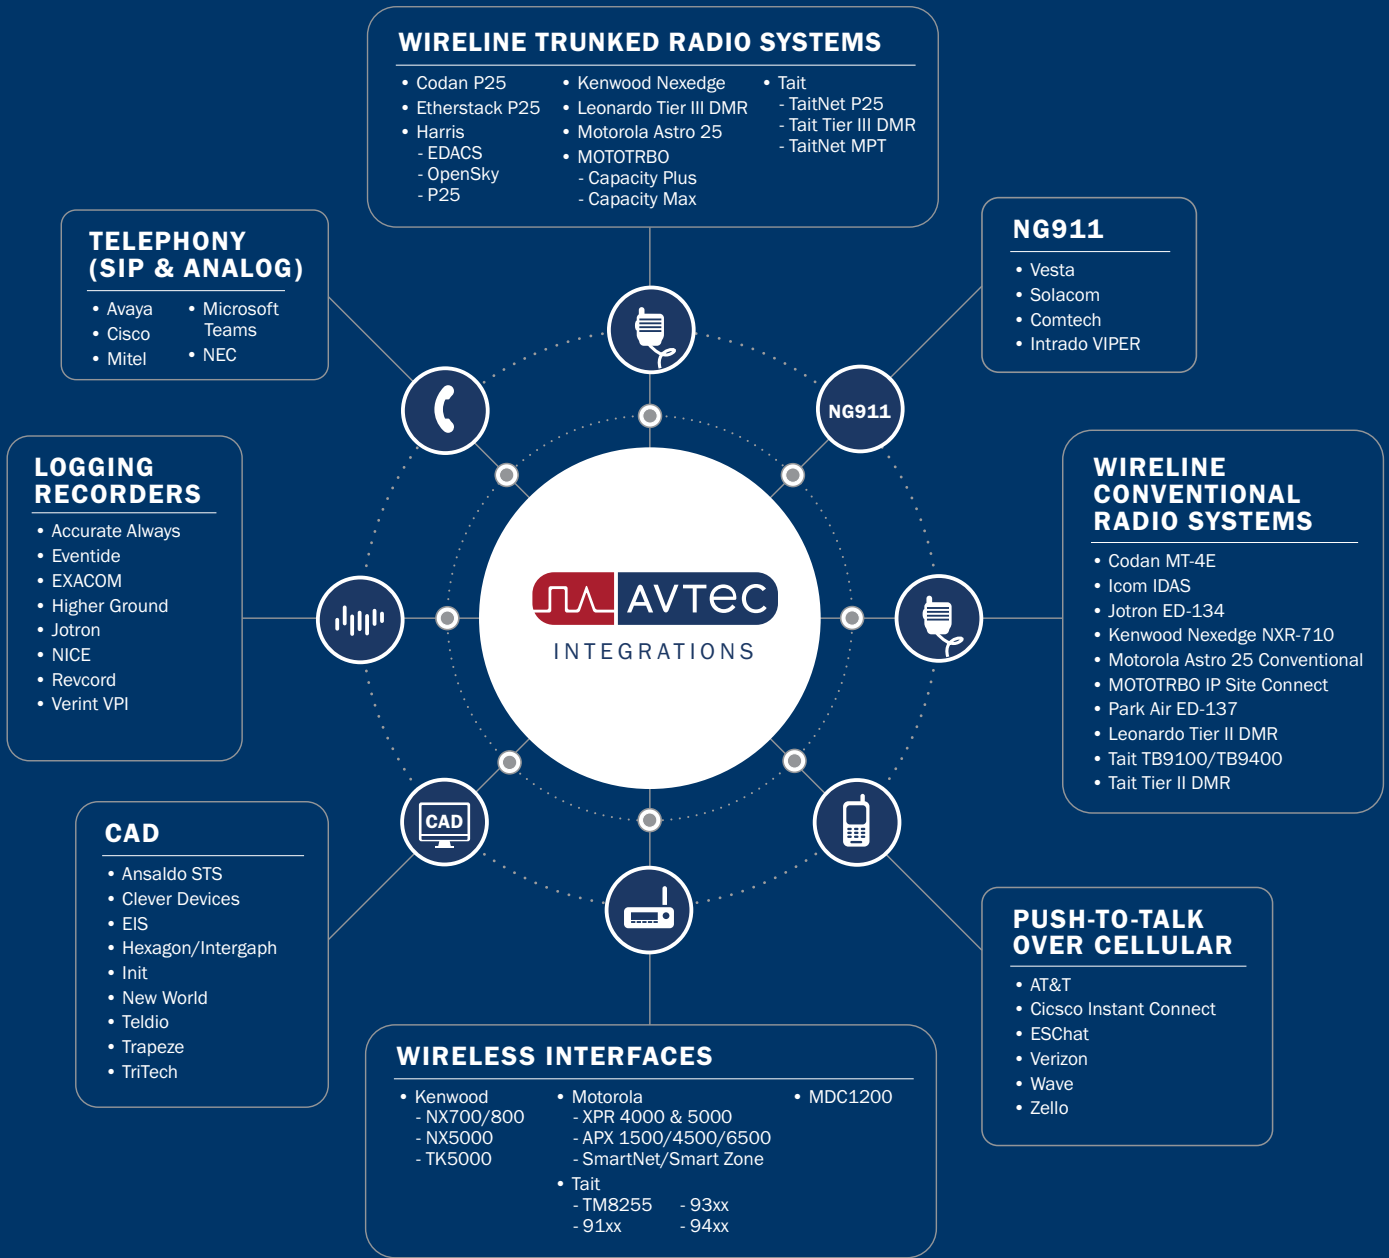

UNMATCHED USER EXPERIENCE

Your dispatch technology should bend and flex to meet your changing requirements. Avtec Scout's completely customizable graphical user interface enables you to configure your console to your unique business needs.

- Quick and intuitive connectivity to resources.
- Customize screens for role-specific preferences or mirror legacy systems to avoid re-training.
- Connect remote systems and dispatch in fixed and mobile environments.

INTEGRATION FLEXIBILITY

You need the freedom to select the right communication tools for the job based on what is most efficient and effective for your team. Avtec Scout dispatch systems are built on open standards and integrate seamlessly with the leading radio, telephony, push-to-talk over cellular (PoC), and broadband technologies.

A COMMITMENT TO CYBERSECURITY:

Today's hackers target third-party applications as a pathway to gain access to your primary control systems. Avtec Scout dispatch consoles are rigorously tested for vulnerabilities prior to each software release.

- NIST 800-53 and NERC CIP compliant.
- ISO 27001 and Soc Type 2 security certifications.
- Yearly third party security audits, internal QA testing and code signing.
